Sir,

The undermentioned Suspected Soviet Agent arrived here from Harbin via Dairen on September 19, in the s.s. "Hoten Maru."

Comrade Deeki-

Engineer by profession. He had an important position in the Chinese Eastern Railway, Harbin. In the beginning of 1929, he was sent by the U.S.S.R. authorities to attend a Railway Conference in Berlin, Germany and after one month of absence from U.S.S.R. returned to Moscow. It is alleged that whilst on his way back to Harbin via Moscow, he was arrested in the latter town by G.P.U. agents for an alleged Anti-Soviet activities and managed to escape. There is a certain amount of doubt to the authenticity of this alleged arrest prevailing among the local White Russian Community. He resides at 255 Rue Lafayette, house No. 24.
